Re: Davidson BL et al
Priority Date: 9 January 2001

1. The amendment filed 3/22/2004 is acknowledged and entered into the record. Accordingly, claims 1-35, 39-46, 49-61, 63-71, and 73-78 are canceled without prejudice or disclaimer.
2. Claims 36-38, 47-48, 62, and 72 are pending and examined on the merits.

Information Disclosure Statement

3. The Information Disclosure Statement filed 3/22/2004 is acknowledged and considered. A signed copy of the IDS is attached hereto.

New Arguments

Claim Rejections - 35 USC § 112, 1st paragraph

4. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

5. Claims 36-38, 47-48, 62, and 72 rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. THIS IS A NEW MATTER

Art Unit: 1642

REJECTION. Claim 36 has been amended to recite the phrase "and is non-denatured."

The specification as originally filed does not have support for the amended claim language. Therefore, this limitation is considered new matter. Applicant is invited to either specifically point to page and line number for such support or specifically describe how support is found in the specification as filed.

***Note: Applicant's amendments to the claims have overcome the art rejections of record (both 35 USC 102(b) and 103(a)), however, if applicants amend the claims by removing the newly amendatory material, the art rejections will be reapplied for the reasons previously presented.**

Conclusion

6. No claim is allowed.

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
